## MASS MEETING HELD TO ARRANGE FOR BRIDGE

Meeting Called to Order at 2 o'clock With 250 Present From Polk and Marion Counties.

With about 250 representatives of Salem business men, professional men and farmers from Polk and Marion counties present, the mass meeting of those interested in securing a new bridge across the Willamette river at this point was called to order this afternoon at 2 o'clock. The purpose of the meeting was to find ways and means for financing the building of the bridge as there was no question in the minds of all that a structure was needed and that it had to be built sooner or later, and that it was the safest plan to build it before some terrible accident snuffed out the lives of numbers of people.

All present were in favor of the building of the bridge, and the only question was the way of raising the money. Under the Oregon code, provision is made for two counties joining lands and building a bridge, and it is probable that this provision may be taken advantage of. The item of the cost may be included in the budgets of both counties or bonds may be issued.

One of the main purposes of the meeting was to decide on the division of the expense between Polk and Marion counties. It is believed that this can be settled today. Polk county representatives present were unanimously in favor of building the bridge and will support any reasonable measure proposed.

The Polk county court, consisting of County Judge J. W. Thiel, and Commissioners Petrie and Wells, and the Marion county court, consisting of County Judge Bushey and Commissioners Beckwith and Goulet, together with Frank Southwick, chairman of the council committee on bridges met at the Marion hotel today at luncheon to discuss the bridge proposition. Bridge Engineer Purcell, of the state highway commission, who drew up the report on the steel bridge recently, was present at the meeting this afternoon.

Among the Polk county representatives present were: Cass Riggs, Mr. James, A. L. Stinson, F. A. Koehn, T. J. Shipley, Frank Wilson, A. R. Southwick, Frank Gibson, George Chapman, A. A. Livingston, Mr. Rosenquist, F. L. Wood, R. E. Pierce, Wash Gibson and Henry Lynch. All these live in the vicinity of the west end of the steel bridge and feel that a new structure is badly needed.

Judge Galloway today issued an order confirming the report of the board of commissioners in the case of Benjamin Bowden and Sarah Bowden against F. M. Mitchell. The commissioners located the line between the farms of the litigants.

Walter L. Spaulding, city councilman, has returned from Newport, where he has been with his wife for the last month. Mr. Spaulding says the salt sea air has been a great stimulant and that he enjoyed every minute of his vacation.

The report of J. L. Calvert, receiver of the United Telephone company, was approved today by Judge Galloway. Mr. Calvert took charge of the company on June 20, 1912, and had handled the affairs of the company until July 11, 1914, when it was purchased by G. W. Waterbury at a sheriff's sale for \$4210.

J. B. Eaton, father of Allen Eaton of Eugene, and a member of the state board of tax commissioners, was in the city yesterday on business. He has just returned from a trip through southern Oregon, where he visited the county commissioners of the south in regard to the taxation of some power plants. Mr. Eaton returned to Salem last evening.

H. G. Moore, a convict at the penitentiary, working in the brick yard crew, escaped this morning when the line was being taken out to work at 7 o'clock. Moore dropped out of the bunch unnoticed, crawled under the fence and made his getaway before he was missed by the guard. The guards immediately started after him and it is thought that he will be captured some time today. Moore is described as being a dark complexioned man of about 150 pounds in weight. He was sent up from Oregon City for burglary, and it being his third time in prison was given a fat sentence. He has been in the Oregon institution for the past three years.

W. R. Quimby, whose home is at Omaha, Nebraska, is visiting Salem relatives for a short period. He is staying at the home of his grandparents, Mr. and Mrs. A. J. Connors, of 1275 Market street. Mr. Quimby, who has traveled considerably over the United States, likes Salem well.

Rosa Simpson, a daughter of the deceased, has been appointed administratrix of the estate of James Simpson by Judge Kelly. The estate is valued at \$20,000 and there are five heirs, Cassie Hicks, of Shaw; Rosa Simpson; William Simpson, of Aumsville; James H. Simpson, of Shaw; and B. F. Simpson, of Aumsville.

Miss Dona Hall, daughter of Mrs. L. G. Hall, of South Commercial street, who has been in the hospital for several weeks on account of blood poisoning following injuries received in a fall on a sidewalk, has arrived in Salem from York, Nebraska. She came by way of Seattle and Spokane, at which places she visited relatives, and will remain in this city indefinitely.

H. O. Clancy, the new physical director of the Salem High school, who was at the Centralia High school last season, is expected in Salem in about two weeks to make plans for the coming athletic season at the Salem institution. The prospect so far is that the Salem High school, with O. M. Elliott, city superintendent, and H. O. Clancy, at the head, will have an exceptionally successful year.

C. W. Wartman, of Phoenix, Arizona, who has been looking over Marion county orchards since Saturday, leaves Salem this evening on his return journey home. He is a loyal Arizonan but admits that the green trees of this valley look good to him. The weather here now he says is like the winter weather in Phoenix. He was dubious concerning the rainy season but admitted that he might be back here within a year.

Two Statesman reporters, Frank Bar-

ten and Bruce McDaniels, in company with T. S. Wilkes, inventor of the Wilkes current dredge, went up the Willamette river Sunday morning for the purpose of inspecting the bars in the vicinity of Eola. The party went in a launch and at the first bar above Salem, near the West Salem bar, the launch poked its nose into the gravel with the result that the propeller struck something and snapped off the crank shaft. The journey up the river was discontinued and the party drifted back to this city. Headway was made by use of a paddle and a pole.

E. F. Slade, state bank examiner, who with James Young, of this city, has been spending his vacation in British Columbia, reports that the Canadian cities have assumed a martial air on account of the European war and that trains from the eastern part of the dominion are daily bringing in companies of soldiers. There are three British warships on the Canadian west coast that have not their full quota of marines, and as there are more marines in the eastern part of the country they are being hurried west to embark on the battleships to be held in readiness to answer any call to act as a coast guard.

JACK RABBITS DYING.  
Silver Lake, Ore., Aug. 10.—Disease is exterminating jack rabbits in that section of Silver Lake Valley lying north and west of the lake. Carcasses of thousands of these long-eared pests are scattered throughout the sage brush, over the grain fields and along the roadsides.

Broken promises make the rough place in the road to failure.

## LITTLE INTEREST IN CITY ELECTION

One Councilman at Lease Believes in Commission Form of Government and Wants to Hear From Committee.

"There is an utter lack of interest in the coming city election," declared C. O. Constable, councilman from the second ward, this morning, when asked his opinion of the status of city politics. "So far there is only one man who is in the race for the mayoralty, with no one else in sight as a prospective candidate."

"What I would like to know," said the councilman, "is what that committee appointed to draw up a commission charter is doing. I believe that the people of the city ought to be given a chance to pass upon the measure at this coming election. Citizens are asking me about the matter and I have to tell them I don't know what is being done about it."

"I am heartily in favor of bringing the matter of a commission form of city government before the people, and I see no reason why the committee appointed to draw it up should not have it ready for publication at this time."

"All the modern cities of the country are adopting that form of government as it is a great advance over the council form. (After city has fallen in line with this modern idea and I can see no reason why Salem should not be as progressive as the others. The committee has had nearly a year to do the work but for some reason or other it has been held up."

DOG BITES FIVE AND IS PRONOUNCED MAD

Medford, Ore., Aug. 10.—A pet dog has caused a reign of terror in the Griffin creek district by biting five persons in the past week. All those bitten have been taken to Portland and are going to that city for the Pasteur treatment.

The latest victims of the dog were Mr. and Mrs. Darby. In the first of the week Mr. and Mrs. J. A. Rose and their son, Adrian Rose, were bitten by the dog.

The dog showed no signs of being mad, but merely took nips at persons passing by. One of the dog's puppies was killed and sent to Salem. Word then was received that the dog had rabies and all those bitten were cautioned to be treated at once.

DIED.

LOOSE.—At the home of his son, E. J. Loose, three miles northwest of Salem, in Polk county, August 9, at 10:55 p. m., Fred Loose, aged 83 years, 2 months, 4 days. A pioneer of '52.

His children surviving him are: Mrs. Cora Walling, Lincoln; Mr. Chas. Loose, Aumsville; E. J. Loose, Salem; Mrs. Minnie Root, Portland; W. H. Loose and F. E. Loose, both of Salem. He also leaves several brothers and sisters in the east.

The funeral will be held from the home of his son in Polk county, Tuesday, August 11, at 1 p. m. Burial in Zena cemetery. Services at the Zena church.

BORN.

SIMERAL.—To Mr. and Mrs. George E. Simeral of Pixley, California, August 10, 1914, at the home of Mrs. Simeral's parents, Mr. and Mrs. A. Klein of 1115 Oak street, a boy, to be named George Anthony, weight 7 pounds.
